CAREER OBJECTIVE

Seeking a position in a reputed organization to utilize my skills, abilities and looking forward to execute challenging projects which offer professional growth and an opportunity to be resourceful, innovative and flexible.

PROFESSIONAL SUMMARY

- 1.7+ years of experience in front-end development with expertise in React.js, Redux, Next.js, and modern JavaScript frameworks.

- Proficient in developing user-centric web applications using TypeScript, GraphQL, React Query, and TailwindCSS while adhering to accessibility standards.

- Familiar with Node.js and MongoDB for back-end and database operations.

- Hands-on experience with tools like VS Code, version control systems (Git), and Agile methodologies using Jira.

- Proven ability to analyze, design, develop, and test scalable web applications independently and collaboratively.

- Strong team player with a track record of delivering high-quality projects in a timely manner.

EDUCATION

- **Degree:** Bachelor of Technology in EEE
- **Institution:** Sree Vidyanikethan Engineering College
- **Graduation Year:** 2022
- **Location:** Tirupati
- **Percentage** : 82%

PROFESSIONAL EXPERIENCE

Software Engineer

Codecraft Technologies | Bengaluru, Karnataka | July 06, 2023 – Present

Highlighted Projects:
- **Recruitment App:** Streamlined job application management, featuring candidate tracking and real-time updates**.**
- **Tourism App:** Developed tour planning and booking features with React Google Maps integration for seamless location-based services**.**
- **Event Management App:** Built workflows for event scheduling and ticketing, integrating Razorpay, email notifications, and WhatsApp messaging for enhanced user engagement.

Key Contributions:

- Delivered responsive, accessible interfaces using React.js, Next.js, JavaScript, HTML5, and TailwindCSS.

- Integrated advanced technologies, including React Google Maps, Razorpay, and GraphQL, to enhance user experiences.

- Resolved performance bottlenecks, ensuring application speed and reliability.

- Collaborated with cross-functional teams to implement reusable components and resolve complex technical challenges.

- Conducted code reviews and adhered to best practices for maintainable codebases.

KEY ACHIEVEMENTS:

- Awarded the "Above and Beyond" Badge for exceptional performance and dedication.
- Received multiple appreciations from senior management for delivering high-quality projects within tight deadlines.
- Mentored junior developers, fostering collaboration and improving team efficiency

TECHNICAL PROFICIENCIES:

- **Front-End:** React.js, Next.js, JavaScript, TypeScript, Redux, React Query.

- **Styling:** TailwindCSS, Material UI, CSS3, HTML5.

- **Back-End & Integrations:** RESTful APIs, GraphQL, Razorpay, Email APIs, WhatsApp APIs, React Google Maps.
