

KALYAN KUMAR AVULA

Full Stack Developer | React.js · Next.js · TypeScript · Node.js · Express.js · MongoDB

avulakalyan2001@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | +91 6304506343

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building responsive, high-performance web applications using React.js, Next.js, and TypeScript, and hands-on experience developing backend services with Node.js, Express.js, and MongoDB. Proven track record of improving application load times through performance optimization, delivering scalable and maintainable UI and API architecture, and collaborating directly with clients and cross-functional teams in Agile environments. Strong focus on component reusability, RESTful API design, state management, testing, and accessibility.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
Backend: Node.js, Express.js, REST API Development, MongoDB, Mongoose (Basics), Authentication, Error Handling
Databases: MongoDB, Basic Data Modeling and CRUD Operations
State Management: Redux, Zustand, Context API, React Query
Styling & UI: Tailwind CSS, SCSS, Bootstrap, Shadcn/ui, Styled Components, Responsive Design, Custom Component Libraries
Testing & API Integration: Vitest, React Testing Library, Unit Testing, REST APIs, GraphQL, Google Maps API
Data Visualization & Tables: Recharts, Chart.js, TanStack Table, Dashboards, Data Tables (Sorting, Filtering, Pagination)
Architecture & Performance: Component-Based Architecture, Frontend System Design, Lazy Loading, Code Splitting, Web Vitals Optimization, Clean Code, Debugging, Code Review
Tools & Practices: Git, GitHub, GitLab, Jira, Docker, CI/CD, Swagger, Chrome DevTools, Figma, Agile/Scrum, Cross-Browser Compatibility, WCAG Accessibility

PROFESSIONAL EXPERIENCE

Software Development Engineer | Clearvue Solutions Pvt Ltd, Bangalore

May 2025 – Present

- Partner with a UK-based client to develop and maintain a brokerage platform using **React.js, TypeScript, Tailwind CSS, Zustand, React Query, Vitest, and React Testing Library**, delivering production-ready features.
- Build dealer and customer finance workflow modules, including proposal creation, direct and brokerage journeys, and DLP/non-DLP application flows, while integrating frontend applications with REST APIs.
- Develop and maintain reusable UI components within an internal component library, implement state management, authentication, error handling, and write unit tests to ensure scalable and reliable applications.
- Gain backend exposure through hands-on development with **Node.js, Express.js, MongoDB, and REST APIs**, while collaborating with cross-functional teams in an Agile development environment.
- Integrate frontend applications with REST APIs using React Query and handle authentication, state management, error handling, and data fetching.

- Developed responsive and reusable web applications using React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Built REST APIs and backend services using Node.js, Express.js, and MongoDB for authentication, CRUD operations, middleware, and database integration.
- Designed and integrated frontend applications with backend APIs, ensuring secure authentication and efficient data flow across modules.
- Optimized application performance through code splitting, lazy loading, caching, and component optimization, improving load times and user experience.
- Worked with Git, GitHub, and Agile development practices, participating in sprint planning, code reviews, and feature delivery.
- Contributed to both frontend and backend development, gaining practical experience in end-to-end full stack application development.

ACHIEVEMENTS

- Awarded **Peak Performer** recognition and received multiple client commendations for consistent delivery.
- Received an **Above and Beyond** recognition badge for delivering critical frontend optimizations that resolved conversion-rate issues during the Q4 2023 peak holiday season.
- Consistently exceeded performance metrics, maintaining 98% bug-free code across delivered projects.

EDUCATION

Bachelor of Technology, Electrical and Electronics Engineering

Sree Vidyanikethan Engineering College, Tirupati | 2018 – 2022 | GPA: 8.19

Intermediate (Mathematics, Physics, Chemistry)

Sri Siddhartha Jr. College, Madanapalle | 2016 – 2018 | 94.6%

Languages

Telugu (Native) | English (Proficient) | Tamil (Elementary)
